

WBPS CORONAVIRUS STATEMENT

15-11-2020

All of our engineers are still available for you 24/7/365, for all emergency responses. We continue to work hard to protect critical industries such as Hospitals, Critical Data Centres, Utilities Providers, Police Authorities and Fire & Rescue and are incredibly proud to do so.

We at WB Power Services Ltd are doing everything we can to protect the public, our clients and employees. Our sales and operational teams continue to work from home, available to take your calls and enquiries as normal for power solutions, generator hire and maintenance services.

As this challenging and difficult time continues for everyone across the United Kingdom, we appreciate that people will have questions regarding how COVID-19 is impacting our services and what we're doing about it, so if you have any questions at all – please get in touch.
