

WB Power Services (WBPS) was first established in 1983 and since then we have grown significantly in size and service capability. Today, we provide critical power services to some of the UK's most important businesses and organisations, ensuring essential services are protected. We proud to retain our family values on a national scale as we strive to be the biggest and the best power generation company in the UK.

CASE STUDY

TELFORD HOMES

Telford Homes are a leading London-focused residential and mixed use property developer. They specialise in creating, designing and building innovative landmark developments in some of the most desirable and sought-after locations in the capital.

Over the past 18 months, WB Power Services have been working with Telford Homes to provide a flexible, bespoke temporary generator hire agreement.

WORKING TOGETHER TO BUILD A BETTER FUTURE

WB Power are incredibly proud to be working with Telford Homes, who take their sustainability responsibility seriously, and have pledged to become a net zero carbon company from 2030. Most recently, WB Power have been working closely with Telford Homes on a number of sustainability initiatives. Our team attended an event hosted by the Sustainability School, taking part in a seminar entitled 'Working towards cleaner air: how the plant community is actively tackling air quality and climate change impacts.'

“ IT IS IMPORTANT FOR TELFORD HOMES TO UTILISE THE NEXT GENERATION OF TEMPORARY GENERATORS, THAT OFFER GREATER EFFICIENCY AND A LOWER ENVIRONMENT FOOTPRINT, AS IT TRANSITIONS TO BECOMING A NET ZERO CARBON COMPANY FROM 2030. ANDREW DAY – SUSTAINABILITY DIRECTOR, TELFORD HOMES ”
