

WB POWER SERVICES

POWER YOU CAN TRUST

GENERATOR & SPARE PART SALES

HIGH-PERFORMANCE KOHLER GENERATORS, USED GENERATORS AND GENUINE KOHLER SPARE PARTS DELIVERED ACROSS THE UK

OUR AWARDS

PROVIDING CRITICAL POWER SERVICES FOR MORE THAN 40 YEARS

WB Power Services (WBPS) was first established in 1983 and since then we have grown significantly in size and service capability. Today, we provide critical power services to some of the UK's most important businesses and organisations, ensuring essential services are protected across data centres, hospitals, schools,

government sites and other commercial operations. As a family-founded, owned and run business, we are proud to retain our family values on a national scale as we strive to be the biggest and the best power generation company in the UK.

DELIVERED BY SPECIALISTS

We have dedicated teams for power solutions, generator maintenance and hire, as well as engineers, project managers and logistics coordinators who are directly employed by us. It means there is very little use for sub-contractors or middlemen. Just specialists with a wealth of knowledge and expertise offering a complete solution that's as bespoke as your needs.

PARTNERS IN POWER

For more than three decades our company ethos has been to build up long-standing customer relationships as not only a service provider, but as an extension of your own team. Our wide portfolio of relationships lasting decades is a great testament to this. As is our ability to provide an industry-leading 24/7 365-day service that's rapid, reliable and cost-effective. It's why, unlike other suppliers, we manage all our own equipment, transport and logistics ourselves. So, we can always deliver exceptional service standards no matter what you need or where you are.

WHY CHOOSE US?

Emergency support

We have a national emergency response telephone line that supports you 24 hours a day, 7 days a week, 365 days a year.

Reliability and availability

We have a highly-skilled and accredited team and a wide range of equipment, spare parts, and components to ensure quick product despatch when you need help most.

Design and consultancy

Our full turnkey solutions mean we can identify, install and commission the best solution for you from 10kVA to 24MVA (as part of a multi-set synchronous package).

Installation and project management

In the most cost-effective way, we will install and fully project manage your new power solution to the exacting controls and standards required using our accredited, industry leading ISO system.

Service and maintenance

No matter whether your generators are providing prime or back-up power, we can offer tailored, bespoke service and maintenance programmes to keep them working and ready to provide a reliable power source.

Sourcing and supply

We have supply agreements with international manufacturers so you can be confident you will get the best solution and that our spare components meet the manufacturer's OEM specification.

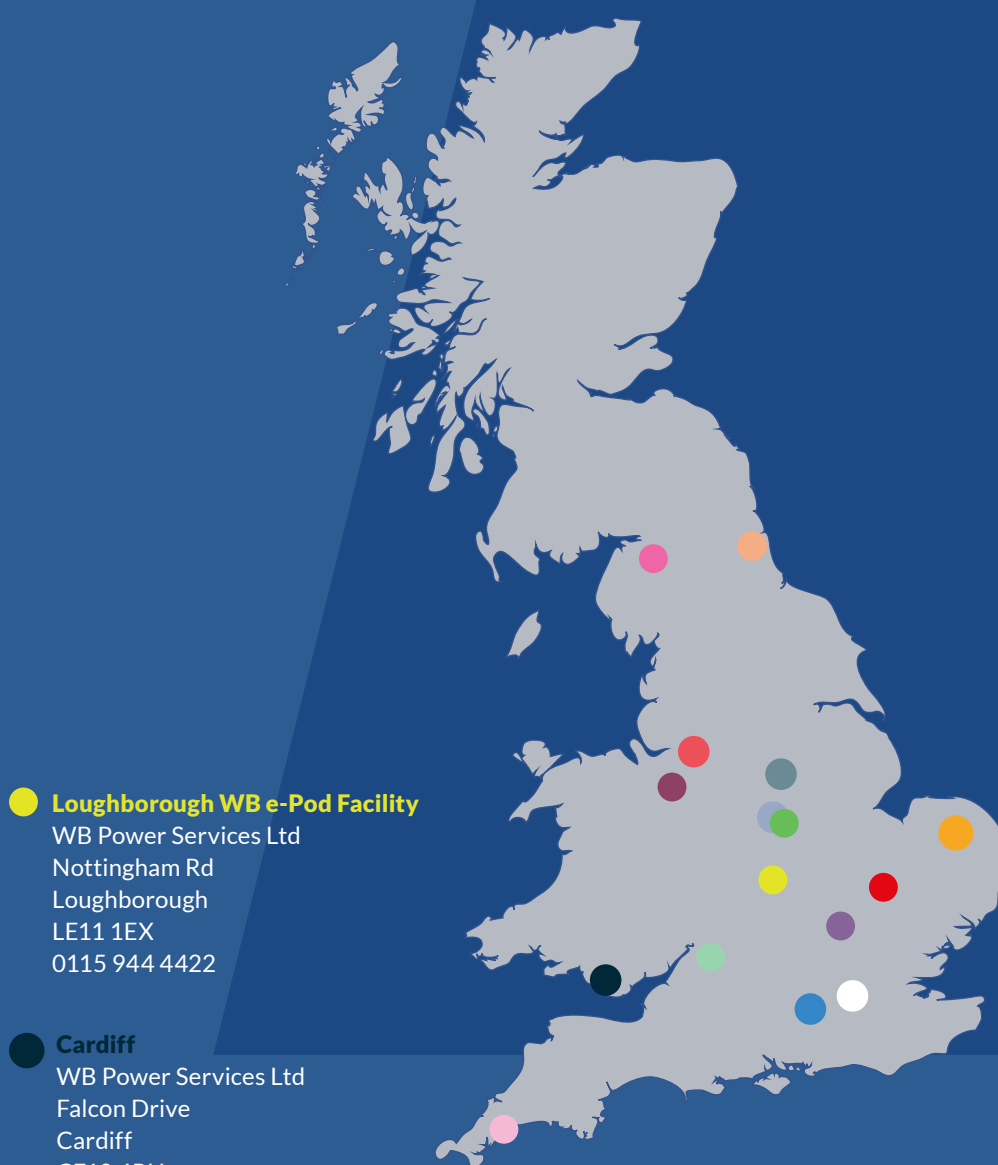

Whole life asset management

We offer all customers an asset management solution to help maintain the integrity of your back-up supply for as long as you have it.

Sector expertise

We have years of experience supporting businesses in a wide range of sectors including large UK-based data centres, hospitals, banks, defence, and utility companies.

BESPOKE POWER SOLUTIONS, BUILT TO YOUR REQUIREMENTS ALONGSIDE KOHLER

As part of our projects and installation process, we will utilise our expertise to make sure we provide you with a generating set which is aligned to your requirements.

As Europe's largest Kohler Approved Dealer, we have access to a vast range of high performance Kohler generators, ranging from 1kVA to 4500kVA.

We work alongside the Kohler's design team to deliver the best solution for you. Kohler is one of the largest designers and manufacturers of diesel power generators globally and have supply and service agreements in place with all major engine manufacturers. Our largest installation to date is 80MVA.

PORTABLE GENERATORS

We also stock a vast quantity of Kohler portable generators, which are available for purchase on a 24 hour delivery time. From 1 to 14kVA, both petrol, diesel, single and three phase, we will be sure to have a generator which meets your needs.

WHY KOHLER?

The global engineering team at Kohler have developed a new range of engines offering unrivalled performance. They combine the highest power with superior efficiency specifically for generating sets. These engines are manufactured in France and Switzerland, in factories offering the highest level of quality. Each product is tested under rigorous operating conditions. Advantages of the Kohler product include:

- OPTIMISED SOUND LEVEL AND VIBRATIONS
- OPTIMAL CONTROL OF THE INJECTION SYSTEM
- A ROBUST, RELIABLE DESIGN
- A SLEEK, MODULAR DESIGN
- CONCENTRATED POWER

GENERATOR EXPERTISE YOU CAN TRUST

If you know exactly what you are looking for, you can view our generator range on our website, and arrange to speak to our sales consultants who will be happy to recommend a solution for you based on your requirements. With Sales teams located across the UK, we are able to visit your site quickly to determine what you need at no extra cost. Our support starts from the initial phone call and continues until sign-off.

It means whether you need a high-spec fixed-site set-up or just parts, you can lean on as much or as little support as you need. We can also carry out your generator and spare part installation, just ask us for more information.

BUY USED GENERATORS

WB Power also have stock of used generators which can be purchased from us. Not only will you save money by purchasing a second hand machine from us, you'll also have the peace of mind that the machine is in full working order. You can feel confident that we thoroughly test and sign off every single one before re-sale.

- FOR UK CUSTOMERS, YOU ARE WELCOME TO VIEW OUR USED GENERATOR STOCK AT OUR DERBYSHIRE HEAD OFFICE. IF YOU FIND THE RIGHT GENERATOR FOR YOU, WE CAN DELIVER USING OUR OWN HIAB FLEET.
- FOR INTERNATIONAL CUSTOMERS, WE CAN ARRANGE SHIPPING OF OUR APPROVED AND USED PRODUCTS ACROSS THE GLOBE, WITH DELIVERY USUALLY BETWEEN 1 TO 4 WEEKS.
